Carrigeen National School CoderDojo

On Tuesday 03rd Oct 2017, Carrigeen NS will run its first CoderDojo session between 3pm and 4:30pm. CoderDojo is a volunteer led coding club for young people where they can build a website, create an app or a game, and explore technology in an informal, creative and social environment. See this link

https://coderdojo.com/about/

It is absolutely free and works on a first come first serve basis. Each session will last 90 minutes and will typically take place on Tuesdays during term time between 3 and 4.30pm.

The initial session will be for 5th and 6th class students only but will be rolled out for 2nd, 3rd and 4th over the coming weeks. **In order to facilitate and expand CoderDojo in Carrigeen it is vital that we have volunteers to assist with the programme. If anyone has some spare time to help out (whether you're technical or not) we'd be delighted to hear from you in the meantime. Please email** carrigeenns.coderdojo@gmail.com **to express your interest in helping.**

We will run a registration this Tuesday 03rd Oct at 16:30 to get details about the students and parents/guardians.

Places are limited as we only have one mentor so far and it is expected that all places will be taken. Please be sure to **email the following details** as soon as possible to carrigeenns.coderdojo@gmail.com

- ✓ Parent/guardians name
- ✓ E-mail address and contact number
- ✓ Child's full name
- ✓ Child's class

Yours sincerely,

John Fitzpatrick

Damien Aylward- B.Ed
Principal.
